## From the Director's Desk

Happy Spring to everyone! I am hoping that we have a delightful spring full of sun and moderate temperatures. Cannot wait to see those lovely hyacinths, crocus, daffodils, and tulips popping up all over.

We are nearing the completion of our lower level remodel. We hope to be able to start moving in the shelving and furniture during the months of April and May. At some point during this time we will work on re-shelving all the Youth and Teen materials back downstairs. We are hoping to be able to have a Grand Re-Opening/ Block Party on June 4<sup>th</sup>. Stay tuned for further information.

Many area libraries have re-opened so we are now serving all patrons. We still have restrictions that I hope we are able to relax soon. Please remember that our study rooms have always been for Lansing cardholders only, this will continue to be the case.

Seniors, we have some special tablets and hot spots for you to borrow so you can keep in contact with your family and friends. You will also have access to much information important to Seniors and access to programs created just for you! Age Options gave us a grant to purchase these items and to create easy to follow video instruction. We know in person is the best but we are confident that you should be able to follow these instructions. Of course, we are here for you with your questions or concerns. Please explore our Senior page, you might find some information that will make your life better.

Take time to peruse our newsletter as there are activities for all ages. Our grab and go events have been a huge hit. We understand that everyone needs time away from the screens!

Opening day for Major League Baseball is fast approaching. Mayor Lightfoot has just announced they will let fans in up to 20% capacity. This is not a lot of folks but it is a start. As more and more people are vaccinated, the numbers will be increased. Looking forward with hope to the new season and wishing both sides of town a great year. Go Cubs and Go White Sox!

*"I love baseball. I'll probably end up one of those old farts who go to spring training in Florida every year and drive from game to game all day."*

They gave their lives for the welfare of our community and country. We invite the public to come and learn about these brave and dedicated young men who lost their lives on April 8<sup>th</sup>. The museum is located in the lower level of the Lansing Public Library, 2750 Indiana Ave., Lansing, IL.

## Make It Class (YouTube)

April 9

Premieres at  
10:00 a.m.

### Envelope Note Books

In this class we will be using envelopes to make note books. The envelopes can be from mail you have received. They can be from Christmas cards that you have not sent. And they can even be the standard ones that you have doodled on.

To make one note book you will need:

- Envelopes- square or oblong. Use what you have.
- Paper. Typing paper, lined paper, graph paper. Any paper you have. It will be measured and folded in half to fill the "book"
- Scissors
- Needle and thread to sew the book together

The fun in these little notebooks is that you can make one for every event, class, or "notes" that you need. They are small. They can fit in your pocket easily. And they are addictive. You can make them for birthday presents, special events, or just to say: hello to someone. Everyone can use a little notebook.
